A. Environmentalist Jesse Krzenski requested approval of the Findings of Fact and conclusions for the Sever’s Festival Environmental Assessment Worksheet (EAW) and Negative Declaration on the Need for an Environmental Impact Statement. Sever’s proposes to purchase 104 acres of agricultural land in Louisville Township and develop 40 acres of the site into a seasonal entertainment and event venue. The proposal met the threshold for a mandatory EAW due to the construction of a new sports or entertainment facility designed for or expected to accommodate a peak attendance of 5,000 or more person. Mr. Krzenski explained the purpose of an EAW and noted that it is not a permit.

Mr. Krzenski stated on April 29, 2019, an EAW was completed and published for the required 30 day public review period. No substantive comments that identified unknown environmental impacts were received. Most of the comments received were in reference to traffic and noise. These comments may be taken into consideration as a part of the Conditional Use Permit.

Commissioner Wolf moved, seconded by Commissioner Beer to adopt Resolution No. 2019-095; Approving the Findings of Fact and Conclusions for the Sever’s Festival Environmental Assessment Worksheet and Negative Declaration on the Need for an Environmental Impact Statement.
