- Project Schedule

# Background/Information

Scott County is proposing improvements to County Highway (CH) 27 (Texas Avenue) between CH 21 (Eagle Creek Avenue) and CH 44 (158th Street West).

In 2015, Scott County partnered with cities and townships along CH 27 to complete the CH 27 Corridor Study, which determined that improvements to this segment of CH 27 were necessary to address existing safety concerns and accommodate traffic growth as a result of future development in the surrounding areas. In 2017, Scott County began the preliminary design for the reconstruction of CH 27 from a 2-lane roadway to a 4-lane roadway from CH 21 to CH 44.

Public open house meetings were held in November 2017 and October 2018 to introduce residents and property owners to the CH 27 project and allow them to provide input on the preliminary design and final design. Layouts for CH 27 were presented at these meetings and comments were received.

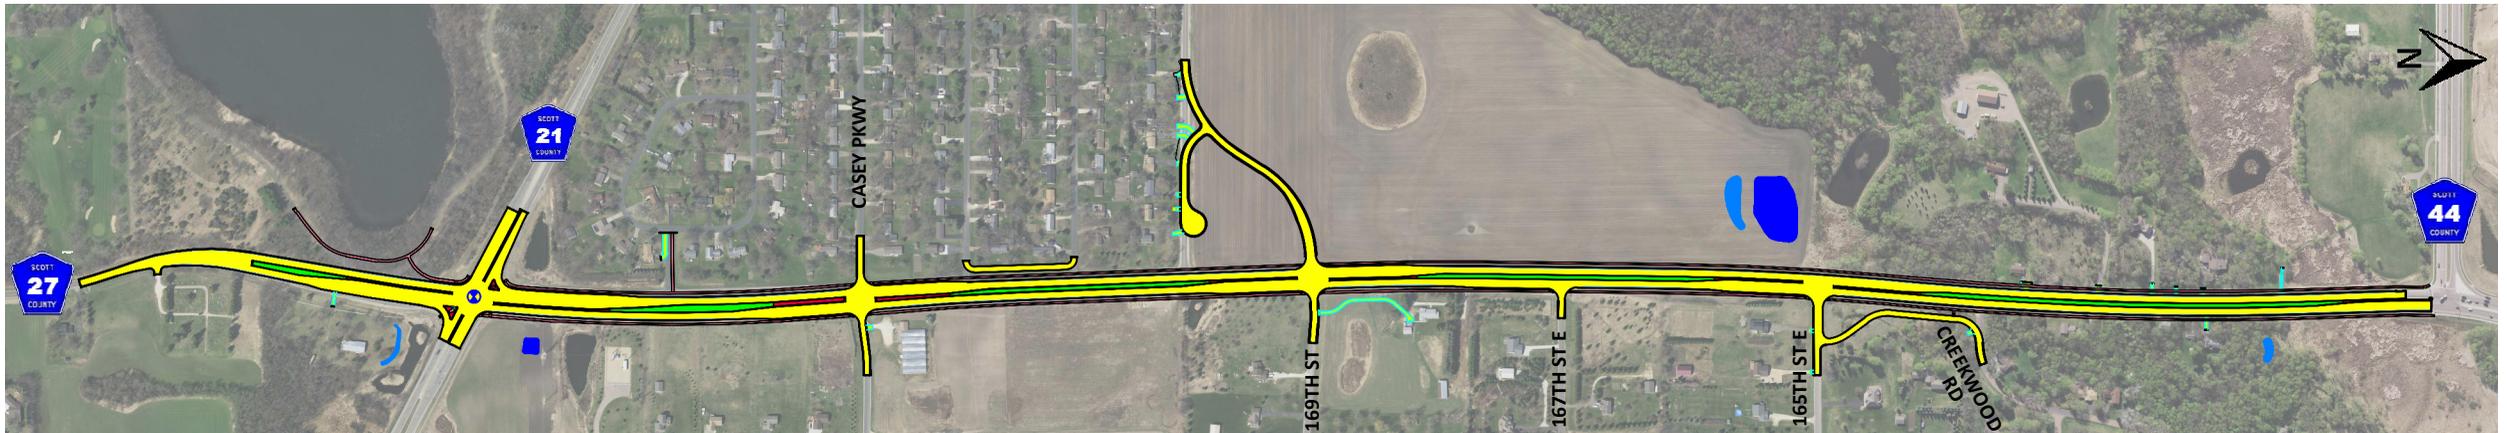

# Open House #3

The County is nearly complete with the final design of the project and a third open house meeting has been scheduled to allow residents the opportunity to review the proposed improvements prior to finalizing the design. At the open house, you will have the opportunity to review the following:

1. Updated CH 27 design layout
2. Draft construction plans
3. Construction phasing concepts
4. Project schedule

This is an informal open house meeting. No presentation will be given so stop by anytime. Your input will ensure the project team develops a comprehensive understanding of the issues along the corridor from those who use this roadway every day. County, City, and Township staff will be available to discuss issues and listen to your concerns.

## CH 27 DESIGN LAYOUT

# Project Schedule

The proposed schedule for the design and construction of the project includes:

<b>Preliminary Design</b>	August 2017—April 2018 ◆ Open House November 2017
<b>Final Design</b>	May 2018—July 2019 ◆ Open House October 2018 ◆ Open House April 2019
<b>Right-of-Way/ Easement Acquisition</b>	2019/2020
<b>Construction</b>	2021/2022
