A list of services and resources can be found in this handbook.

**The information provided in this directory is not an all-inclusive list of all the supports and services that may be available to Scott County residents. You may contact MnHelp.Info, Senior Linkage Line, Disability Hub MN, the yellow pages, your Certified Assessor or Case Manager for additional resources.*

Home & Community Care

The Home and Community Care Programs can help people live in the community as independently as possible. Our services can help the elderly and individuals living with disabilities with service planning and getting the help they need.

Paying for Services

Some people pay privately for services, or may qualify for funding.

During an assessment visit, our assessors can discuss insurance or other payment sources which would help with the cost of services. Other people are eligible for assistance with part or all of the cost of services through state and federal-funded programs administered through Scott County. This is called a Home and Community Based Waiver. Depending on your age and disability type, you may qualify for a waiver:

Alternative Care (AC), Elderly Waiver (EW), Community Access for Disability Inclusion Waiver (CADI), Community Alternative Care (CAC), Brain Injury Waiver (BI) and Developmental Disability Waiver (DD).

MnCHOICES Assessment

The MnCHOICES assessment has been developed to help individuals make decisions about the supports and services that will help them stay in the community while focusing on their needs and preferences.

A Certified Assessor will provide you with an individualized plan of care.

The assessment will help you understand your support needs, and how to get the services to meet your needs.

Learn about the services and the resources available in Scott County that may be accessed to support you and your family.
