Scott County Public Health
Child and Teen Checkups
Fall 2021
This Community Health Resource Guide is designed to help families living in Scott County find health providers and resources. The information provided is based on standard operations, we encourage you to contact a program before visiting them to verify information is still accurate. All questions about individual coverage should be directed to your health plan. Listing providers and services in this guide does not constitute an endorsement by Scott County.

COVID-19 vaccines are safe and effective at helping protect against severe disease and death from COVID-19. If you can't get vaccinated, please wear a mask to protect yourself and others.

Mental Wellness and Addiction

Mental health affects how we:
• Think, feel, and act
• Handle stress
• Relate to others
• Make choices

If you or someone you know is struggling with mental health or addiction, the first step is to call for help.
