Construction to Begin this Spring

St. Lawrence
Township

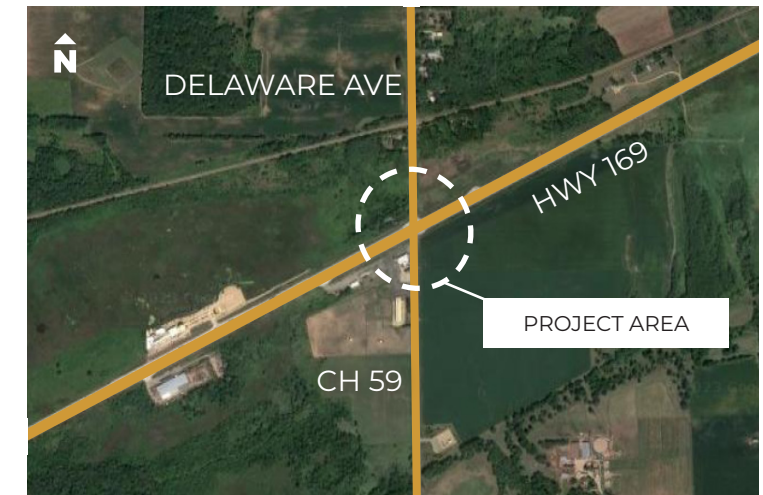

OPEN HOUSE INVITATION

March 21, 2024
4:30 — 6:30 PM

Jordan Supper Club & Tap Room
20201 Johnson Memorial Dr
Jordan, MN 55352

Open House Invitation Hwy 169 and CH 59 Improvements

What's Inside?

- Project Background/Purpose
- Open House Information
- Construction Schedule and Impacts

Background Information

Scott County, in coordination with MnDOT, St. Lawrence Township, and the City of Jordan has been planning for several roadway infrastructure improvements on and along Hwy 169. This includes the construction of a grade-separated interchange at Hwy 169 and County Highway (CH) 59/ Delaware Ave. A grade-separated interchange is when a local road crosses over or under the highway and ramps are used to enter or exit the highway.

Construction is expected to begin in Spring 2024 and be completed in 2025. The proposed grade-separated interchange will provide efficient access to existing and future commercial destinations and connectivity for agricultural and industrial traffic across Hwy 169. The project will also address anticipated changes to traffic patterns with the planned removal of the traffic signal at Hwy 169/Hwy 282/CH 9

Project Purpose/Goals

The purpose of the Hwy 169 and CH 59 Improvements project is to increase safety and provide improved traffic flow by converting the existing at-grade intersection to a grade-separated interchange. This new crossing will eliminate a barrier to connectivity for agricultural and industrial traffic in western Scott County, while also providing safe access to existing and future commercial destinations in the area.

Goals of the project include:

- Improve safety for all users
- Improve traffic flow on CH 59/Delaware Ave
- Grade-separated crossing
- Improve connectivity for agricultural and industrial traffic

Open House

The purpose of this open house is to inform residents, businesses, and the traveling public about what to expect before construction activity begins this Spring. You will have the opportunity to:

1. Review the project design and schedule for the Hwy 169 and CH 59/Delaware Ave intersection.
2. Learn about the construction schedule, detours and staging.
3. Discuss any questions or concerns you may have with the project staff.

This is an informal open house meeting. No presentation will be given. Project information and maps will be available for review. You may also view the open house materials on the Scott County website starting on March 22 (directions on the Contact Information page of this brochure).
