

# Pole (Post Frame) Building Residential

This handout is currently under review for updates in accordance with the 2020 MN Residential Code. For full code details visit <https://www.dli.mn.gov/business/codes-and-laws/2020-minnesota-state-building-codes>

Pole and Post Frame Buildings do not meet the prescriptive requirements of the MN Building Codes, therefore these types of structures shall be designed to meet all vertical and lateral load requirements by a MN Licensed Structural Engineer

See Scott County ePermit requirements for more details:  
<https://www.scottcountymn.gov/1783/ePermit-Sign-In>
